Incomplete genealogy survey
for ancestors and descendants
of Matthew and Jane Jones Brown

STL

1960

An incomplete genealogical survey for the ancestors and descendants of Matthew and Jane Jones Brown by Earl R. Brown 604 East 12th Street, Indianapolis 2, Indiana.

This survey is listed in alphabetical rather than a Family Tree type form to facilitate the finding of individual and family names and to reduce the cost of reproduction where so many individuals are concerned. Where information is not published it is because it has not been made available. Where information is incorrect it is because it has been misunderstood or hard to interpret from hand written sources. As new information becomes available it will be published in the form of additional pages to this document and distributed in the same manner as this original. A copy of this survey has been reproduced for the head of each family of descendants, the surviving spouse or the eldest living child.

Many of you probably have old letters, old Bibles, documents, scrapbooks and etc., which could contain valuable information on this type research. I do NOT want the documents themselves, only the use of the information they might contain, to be passed along to the other descendants of this line.

There is no charge for this survey, nor is it intended that any descendant of record at this time be without a copy of this survey. However donations will be accepted from any person or persons interested in this type research. It is expensive and time consuming.

The George Washington and Martha Anne McFall Brown ReUnion is held annually on the fourth Sunday in July. To be held this year in the City Park, Tipton, Indiana
Officers are, for the current year;

President	Earl R. Brown	604 East 12th Street Indianapolis 2, Indiana
Vice President	Charles David Brown	224 East Maple Street Wabash, Indiana
Secretary and Treasurer	Mae Riley	2121 Madison Ave., Indianapolis, Indiana

There is also a ReUnion held in Illinois on the same date - Information will be passed along as it is made available

It is desired that any information available to descendants and not shown in this document be passed along to the writer for dissemination to all descendants for whom there is an address available. Much mail is received and not answered by the addressee's. Other mail is returned marked "Unknown" or "No such address" or "Directory Service no longer furnished".

I am continually searching for additional information on our ancestry. It appears at this time that all Brown descendants in this country are descended from three sources Ireland; England and Bavaria. I have volumes of several families not at this time connected, but am passing up no leads in my search.
